DEA GIS Library Updates

03/10/21

- STEVE Projects have been updated (only projects with VALID postmiles)
- CNDDB has been updated
- California National Historic Trail has been added under Cultural/Cultural Places
- Pony Express National Historic Trail has been added under Cultural/Cultural Places
- Old Spanish National Historic Trail has been added under Cultural/Cultural Places

02/09/21

- STEVE Projects have been updated (only projects with VALID postmiles)
- CNDDB has been updated

01/08/21

- STEVE Projects have been updated (only projects with VALID postmiles)
- CNDDB has been updated
- USFWS Carlbrad Critical Habitat Species Occurrence added under Biology/Wildlife
- A Cultural tab has been added containing Ethnolinguistic Areas and Cultural Places
- Soundwalls have been updated
- All Protected areas are updated (using the source web service)

12/04/20

- STEVE Projects have been updated (only projects with VALID postmiles)
- CNDDB has been updated
- Joshua Tree Distribution added under Biology/Vegetation
- All SB1 Project layers have been updated

11/04/20

- STEVE Projects have been updated (only projects with VALID postmiles)
- CNDDB has been updated
- 100-Year storm layers has been added under Climate/USGS

- 20-Year storm layers has been added under Climate/USGS

10/01/20
- STEVE Projects added to Misc/Transportation tab (updated once a month)

  NOTE: This only includes projects with VALID postmile locations
- CNDDB has been updated

09/25/20
- A Climate tab has been added containing USGS, NOAA and CalFire datasets
- All previous NOAA Sea Level Rise data has been moved under the Climate tab
- Fire Perimeters (2010-2019) has added under Climate/CalFire
- California Vegetation WHR13 Types has been added under Biology/Vegetation

09/09/20
- CNDDB has been updated

08/14/20
- CNDDB has been updated
- Wildlife Crossing Structures has been added under Biology/Wildlife
- Terrestrial Connectivity (ACE) has been added under Biology/Wildlife

07/07/20
- CNDDB has been updated
- Calfish Passage Assessment DB (PAD) has been updated
- Fresh-water Salmon (Essential Fish Habitat) has been updated
- Fish layers have been updated and reorganized

06/18/20
- Conservation Easements has been updated
- Protected Areas has been updated

06/12/20
- CNNDB has been updated
- Monarch Butterfly Habitat Suitability Model has been updated
- Monarch Butterfly CCAA Proposed Enrolled Acres has been added under Biology/Wildlife

05/19/20

- Mineral Hazard Tab has been updated; the data has been consolidated statewide
- Sea Level Rise data added under the new tab General Environmental/Climate Change

05/12/20

- CNDDB has been updated
- All Calveg Vegetation layers have been updated (using the source web service)

  (You must zoom in to a scale of one mile to view them. Use the "Calveg Mapping Zones" layer to find the correct zone.)

- Additional Calveg zones now exist under Biology/Vegetation

04/14/20

- CNDDB has been updated
- Bridges has been updated
- Schools has been updated
- County Parcels has been updated (now only shows ½ miles along all Highways)
- Postmiles has been updated (now displays elevation)

03/05/20

- CNDDB has been updated
- Mule Deer Vehicle Collision Hotspots has been added to Biology/Wildlife
- Mule Deer Carcass Hotspots has been added to Biology/Wildlife
- Milkweed Suitability Model has been added to Biology/Wildlife
- Western Monarch Milkweed Mapper Points has been added to Biology/Wildlife
- D4 Homeless Encampments datasets are on the District 4 map under Misc/Others

02/20/20

- CNDDB has been updated
- Photolog (2017) has been removed
- Right of Way map services have been added under Misc/Transportation on District specific pages. D1, D2, D3, D4, D5, D11 and North Region

02/09/20

- Batch option added on Postmile Tools

01/27/20

- ADL Burial Sites has been updated

01/07/20

- CNDDB has been updated
- PostMile by 10th Mile has been updated

12/13/19

- Conservation Easements has been updated
- Protected Areas has been updated
- USFWS Critical Habitat (Poly) has been updated
- Calfish Passage Assessment DB (PAD) has been updated
- Wild & Scenic Streams has been updated
- Cal Water Hydro Unit Codes has been updated and renamed "HUC 8 Subbasin Boundaries"

12/06/19

- CNDDB has been updated

11/15/19

- CNDDB has been updated

11/07/19

- Query Attributes widget under "Tools" is released.
- Export to Shapefile function added in Screening widget.

11/06/19

- Post Mile Tools display elevation of the requested location
- Coordinate Widget displays Lat, Long and Elevation of any clicked point.

10/25/19

- ADL has been updated

10/07/19

- CNDDB has been updated

09/19/19

- CNDDB has been updated
- District COA Hexagonal Overlays have been updated
- USFWS Critical Habitat (Poly) have been updated
- Ecological Region Boundaries have been added under Biology/Wildlife

08/07/19

- CNDDB has been moved under Biology/Wildlife

08/07/19

- CNDDB has been updated
- Protected Areas have been updated
- FMMP Layers (2016 and 2014) has been added

07/15/19

- CNDDB has been updated

06/19/19

- Ventura County Trails (DRAFT) has been added
- Humboldt County Trails (DRAFT) has been added
- San Diego County Trails (DRAFT) has been added
- Print Plus Tool has been added

06/12/19

- Sonoma County Trails (DRAFT) has been added
- Marin County Trails (DRAFT) has been added

06/07/19

- Screening Tool added under "Tools" group

06/06/19

- CNDDB has been updated

05/24/19

- Del Norte County Trails (DRAFT) has been added

05/07/19

- Paleontology data is now found under the HazWaste/Paleo tab
- CNDDB has been updated
- Santa Barbara County Trails (DRAFT) has been added

04/24/19

- Calfish Passage Assessment DB (PAD) has been updated
- Fish & Wildlife Lands has been updated
- Streams has been updated
- Cal Water Hydro Unit Codes (HUC 8) has been updated
- Lakes has been updated
- 303d Listed Waters Lines has been updated
- 303d Listed Waters Poly has been updated
- National Watershed Boundary has been updated

04/03/19

- CNDDB has been updated
- Los Angeles County Trails (DRAFT) has been added

03/15/19

- Monterey County Trails (DRAFT) has been updated
- Mendocino Obispo County Trails (DRAFT) has been updated

03/11/19

- CNNDB has been updated
- San Francisco County Trails (DRAFT) has been updated
- San Luis Obispo County Trails (DRAFT) has been updated
- San Mateo County Trails (DRAFT) has been updated
- Santa Cruz County Trails (DRAFT) has been updated
- Orange County Trails (DRAFT) has been updated

02/27/19

- Calfire (Fire Hazard Severity Zones) added under "Agencies/State"
- Seed Tree Zones added under "Biology/Vegetation"

02/26/19

- Fixed Bug - After the initial opening of the Attribute table (AT), new layers were not added to the AT.
- Parcel Data has been updated

02/12/19

- CNNDB has been updated
- SHOPP 10Yr Projects has been updated

02/01/19

- NEW! Division of Environmental GIS Library launch page is here!
- Various layers added under "Biology/COA"
- Videos and PDF Tutorials are now added for each tool.

01/10/19

- CNNDB has been updated

12/26/18

- Conservation Easements has been updated
- Protected Areas have been updated

12/06/18

- CNNDB has been updated

12/05/18

- A short tutorial was added under the FAQ section on how to export layers.

11/27/18

- Intersect Tool is added under the "GIS Tools".

11/21/18

- Google Basemaps were removed from the Basemap widget to comply with the updated Google's Terms of Use for their products.

11/08/18

- CNNDB has been updated

10/04/18
- CNNDB has been updated

09/04/18
- CNNDB has been updated

08/28/18
- Coastal Commission Boundaries has been added to the "General/Coastal" tab
- Local Coastal Program Areas has been added to the "General/Coastal" tab

08/10/18
- CNNDB has been updated

07/03/18
- CNNDB has been updated

06/18/18
- Levees has been added to the "Water" tab

06/13/18
- CNNDB has been updated

06/01/18
- SHOPP 10Yr Projects has been added to the "Misc/Others" tab
- Schools has been updated under the "Misc/Others" tab
- All State and Federal Agencies have been updated
- Statewide Calfish Pad has been updated under the "Biology/Fish" tab
- Protected Areas have been updated (colors now display by agency)
- Postmiles CZ has been updated
- Military Bases has been added under "Agencies/Federal" tab
- Urban and Rural Classification (2010) has been added under "General Environment/General" tab
- Coastal Zone (poly) has been added under "General Environment/Coastal" tab
- City/Town/CDP Boundaries has been added under "Agencies/Local" tab
- Rails and Demographics has been added under "Misc/Others" tab
- There is now a "COA" section under the "Biology" tab
- SHOPP Projects within COA has been added to the "Biology/COA" tab

05/16/18
- SB1 Projects has been updated

04/05/18

- CNNDB has been updated

03/16/18

- CNNDB has been updated

03/15/18

- New PM Tools under PM Tools widget

02/05/18

- Google Earth widget added.
- Users can save KML files to their session.

01/22/18

- Caltrans's Imagery Services added under the "Misc" tab.

01/05/18

- SB1 Transportation Projects added under the "Misc" tab.

01/04/18

- Google StreetView widget added.

10/03/17

- Users can save local files (shapefiles, csv) to their session.

04/27/17

- First version of DEA Library released.
